How to Connect Webcon i-Meeting Portal

1. Open Website <http://webcon.nic.in>

The screenshot displays the WebconLive website. At the top left is the NIC logo (National Informatics Centre). To the right is the 'WebconLive' logo with 'NIC eLearning Services' underneath. A navigation bar contains links for Home, About NIC, Recorded Session, Raw Data, User Guide, and Contact Us. The main banner features the word 'Webcon' in large red letters with the tagline 'Built For Online Learning' and an illustration of a computer monitor and laptop with various icons. Below the banner, the 'Web learning' section includes a paragraph about the need for innovative methods for seminars and training. To the right of this text is a 'WebCon Meeting' form with fields for Meeting (a dropdown menu), Name, Password, and Captcha (with a visible code 'e9L739'), and a 'Join' button.

2. Select Meeting name from Meeting tab
3. Enter your Name in name field.
4. Enter password for selected meeting and captcha.
5. Click On join Button.

The screenshot displays the WebconLive website interface. At the top left is the NIC logo with the text 'NIC' and 'National Institute of Computer Graphics'. To the right is the 'WebconLive' logo with 'NIC eLearning Services' underneath. A navigation bar contains links for 'Home', 'About NIC', 'Recorded Session', 'Raw Data', 'User Guide', and 'Contact Us'. The main banner features the 'Webcon' logo in large red letters with the tagline 'Built For Online Learning' and an illustration of a computer monitor and laptop with various icons. Below the banner, the heading 'Web learning' is followed by a paragraph: 'There had been a growing need for more innovative methods for conducting seminars, training's, and conferencing with desired operational efficiency, confidentiality, security and cost effectiveness to cope up with the rapidly increasing frequency. The delivery of a learning, training or education program by electronic means, eLearning involves the use of a computer or electronic device to provide training, educational or learning material, For an organization to function effectively & efficiently, it needs to constantly update knowledge base of employees.'
